Begin by doing what is necessary, then what is possible. And suddenly you will find yourself doing the impossible

*Saint Francis of Assisi*

# **WAR and CHILDREN**

**CHILDREN**

**are most devastated victims of the war**

We don't care about the political reasons  
We only want to give back a future to the children  
and help them have again their schools

**If you want peace, work for justice**  
*Pope Paul VI*

**We don't want this to happen again...**

**Create positive  
contributions**

**Be part of a  
community**

**Learn**

**Enjoy life**

**Children don't have to make war,  
children have to ...**

**Sing and play  
music**

**Play and  
be happy**

**We want this to happen:**

**we want healthy and happy children  
in a healthy and friendly school**

# ANAB School for Peace

## MISSION

The **mission** of this project is to promote humanitarian support to war-affected countries with the aim of

- a quick restoration of good living conditions
- a rapid schools' reconstruction

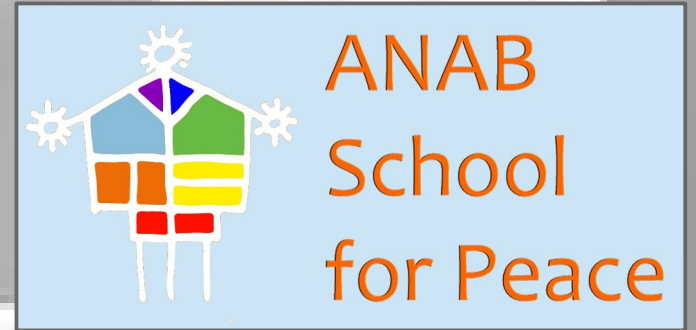

The project must be completely **free from any political influence**, to avoid endorsing any political choice

# ANAB School for Peace

a project  
which involves

**architecture**

**design**

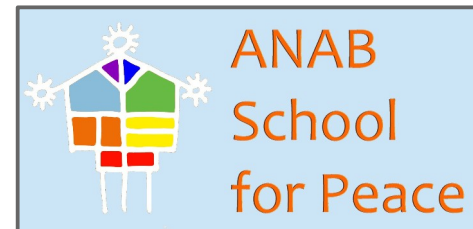

**solidarity and support**

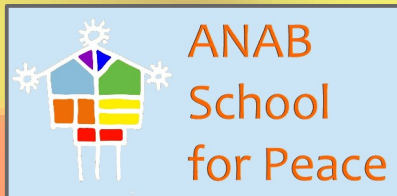

In 2013 ANAB developed the project

**“ANAB for Ucraina”**

submitted by Stefania Annovazzi and Paolo Boni, ANAB architects,  
with the aim to promote Green Building in Eastern Europe,  
**the project was suspended when the war broke out in Donbass**

in 2022 ANAB decided to restart the project  
**"ANAB for Ukraine"**, as the first initiative  
of ANAB School for Peace, on the basis  
of ANAB experience  
in **Ecological School Design**

# ANAB School for Peace – ANAB for Ukraine

## GOALS

- the creation of a **school design prototype/model/project**, *modular and replicable, low cost, using eco-materials*, for a prompt, partial or complete reconstruction of school buildings

# ANAB School for Peace – ANAB for Ukraine

## GOALS

- the encouragement of **cooperation between Italian and Ukrainian designers and companies** in the field of Green Building Technology
- the creation of “**construction site**” schools
- the creation of the **School of Natural Design Architecture** in Ukraine

# ANAB School for Peace – ANAB for Ukraine

## GOALS

- the promotion of an **ecological design culture**
- the encouragement and the activation of a **cultural exchange program** between Italian and Ukrainian schools
- the beginning of **national and international partnerships**
- **fundraising campaigns**

# ANAB School for Peace – ANAB for Ukraine

## DESIGN CRITERIA

- The characteristics of the prototype/model/project must be:
- **easy and fast assembly**, to allow a prompt reconstruction of the school building's asset
  - **modularity and adaptability to different contexts**, in order to allow the reconstruction in different parts of the country with attention to specificity of sites
  - **buildings energy self-sufficiency** (ANAB Natural Near Zero Energy Building model)
  - use of **local/natural materials** with **low environmental impact** and, if possible, **low tech parts and components**

# ANAB School for Peace – ANAB for Ukraine

## DESIGN CRITERIA

- reuse of materials resulting from the demolition/wreckage of damaged buildings (following a research analysis)
- creation of green / biophilic spaces (*gardens, groves, trees, hedges, labyrinths, green roof/walls* etc.) around the buildings,
  - to favor the reconstitution of a well balanced environment
  - to create a welcoming, inclusive and naturalized context
  - to improve children relationships with the environment

# ANAB School for Peace – ANAB for Ukraine

## DESIGN CRITERIA

- *open source ecology / open source architecture*:  
all designs will be *open source* user licensed,  
completely free for the final recipients

# ANAB School for Peace – ANAB for Ukraine

## DESIGN CRITERIA

- creation of a **school building manual**, including technical data sheets, assembly sheets, budget schemes, etc.
- creation of **ecological furnitures** with biodesign and low-cost criteria, specifically intended for the furnishing of school buildings

# ANAB School for Peace – ANAB for Ukraine

## OTHER ACTIONS

- connection with Italian and Ukrainian institutions
- promotional actions (branding, video, blogs, social media, press contacts, etc.)
- creation of the website [www.schoolforpeace.anab.it](http://www.schoolforpeace.anab.it)
- scientific and technological assistance to provide support (ANAB scientific committee)
- mapping and classification of the intervention areas

# ANAB School for Peace – ANAB for Ukraine

## OTHER ACTIONS

- involvement with **pedagogists, psychologists, therapists, health professionals**, etc. Italians / Ukrainians
- **cultural exchange program** (study trips, meetings, etc.) with Italian / Ukrainian architects, engineers and agronomists, to encourage the knowledge of Natural Design
- creation of **courses and meetings** to promote Natural Design
- creation of **books and manuals** on the project
